Hello my name is Thomas Casey owner of Famous LLC.I have submitted two RTKL requests with New Council City Council and one with Lawrence County PA. asking for the amount charged for demolition and services provided at parcel # 06033200.I watched Siegel excavating LLC demo the home and bury all contents in the ground then extract the soil six inches from my building on the adjacent property where the foundation shifted the concrete walls stepped and the new roof separated allowing water to enter building.Afterword I purchased 06033200 filed RTKL with Lawrence County on that day I could not pull the right to know form on the county website so I went to the court house yo the commissioners office,tax office and then sent to the assessment office and was given a paper copy which I filled out and took a picture of.I proceeded back to the commissioners office next to assessment office let the secretary know and wrote a note to Morgan Boyd and handed it to the secretary.Followig that I received a call from a Ms. Amy mckinney in the

planning department telling me she would try to locate information and would be out of office on Monday and would call me on Tuesday which was a voice mail that I kept I didn't hear from her so I called Tuesday and left message. She called back Wednesday informing me she would get with commissioners office to locate record. When I didn't hear anything I filed an appeal. I was contacted by mediator which gave them an extra thirty days due to their excuses that are irrelevant. A few weeks later I was denied my appeal. I am now requesting a reconsideration and it has rained for ten days straight. I bought seven adjacent lots and have over 6000 man hours revitalizing with my own two hands and my own money. I was told in 2020 that CBDG funds were not allotted for the West Side they were using the funds for downtown. That is not what HUD allocated the funds for i.e. 70% for economically disadvantaged. I have pictures deeds and receipts. Sorry for the length of email but to put it into perspective it has been two years of long hours and 30,000 of my own funds. Thank you.

Thomas Casey.
