**RE: Submission of Record in:**  
***Daniel Schwartz v. Pennsylvania State Police, No. 481 MD 2021***

Dear Mr. Krimmel:

We hereby submit the record in the above-referenced matter. Section 1303 of the Right-to-Know Law, 65 P.S. §§ 67.101, *et seq.* (“RTKL”), defines the Record on Appeal as “the record before a court shall consist of the request, the agency’s response, the appeal filed under section 1101, the hearing transcript, if any, and the final written determination of the appeals officer.” Pursuant to *Department of Transportation v. Office of Open Records*, 7 A.3d 329 (Pa. Commw. Ct. 2010), this record includes all “evidence and documents admitted into evidence by the appeals officer pursuant to Section 1102(a)(2).” The record in this matter consists of the following:

**Office of Open Records Docket No. AP 2021-0916:**

1. The appeal filed by Daniel Schwartz, a contractor for Type Investigations (“Requester”), to the Office of Open Records (“OOR”), received May 7, 2021.
2. Official Notice of Appeal dated May 10, 2021, sent to both parties by the OOR, advising them of the docket number and identifying the appeals officer for the matter.
3. OOR Notice of Filing Deficiency dated May 10, 2021, directing the Requester to provide a complete copy of the Pennsylvania State Police (“PSP”) Response in the underlying Request.

4. Requester's three (3) emails dated May 14, 2021, curing the Deficiency Order by providing a complete copy of PSP's Response.
5. OOR email dated May 14, 2021, forwarding the Requester's submissions to the PSP and establishing a submission deadline and final determination issuance date.
6. PSP's submission dated May 28, 2021.
7. OOR's email dated June 14, 2021, directing PSP to provide an affidavit in support of the statements of fact referenced in PSP's submission and establishing a submission deadline.
8. The Final Determination dated June 22, 2021, issued by the OOR.

The OOR has discretion to hold a hearing on appeals filed but chose not to do so in this matter. Therefore, there is no transcript to transmit. Certification of the record in this case is attached to this letter. Please feel free to contact us for any reason in connection with this matter.

I requested the listed records from the Agency named above. By submitting this form, I am appealing the Agency's denial, partial denial, or deemed denial because the requested records are public records in the possession, custody or control of the Agency; the records do not qualify for any exemptions under § 708 of the RTKL, are not protected by a privilege, and are not exempt under any Federal or State law or regulation; and the request was sufficiently specific.

May 7, 2021

To whom it may concern:

I am filing a formal appeal with the Pennsylvania Office of Open Records of a partial denial I received from the State Police today. I am an independent journalist (<https://danjschwartz.com/>) working in collaboration with Type Investigations (<https://www.typeinvestigations.org/>). I had requested from the agency certain emails and associated attachments sent and received by a lieutenant within the agency for a story I am working on about the Mariner East 2 Pipeline. I had also requested a Vaughn index justifying any redactions deemed necessary. This records request number is 2021-0422. I had also requested these records last year. That records request number is 2020-1105.

The agency has provided me more than 400 scanned pages of emails but with no attachments, gratuitous redactions, and no justification for the redactions other than a blanket statement. It also gave no justification for withholding the attachments.

I am seeking resolution on two issues:

- The redactions appear to be unlawful. About 200 pages are nearly blacked out entirely, and from what information remains I can tell that many of the pages are inherently public. Some are waiver requests and non-exempt emails between public officials. Others have already been released to the public. I would like the agency to review all redacted materials again, more carefully, and release, without blanket redactions, the records that are public, which are surely very many.
- That the agency provided no associated email attachments or justification for withholding them is a problem. If the associated email attachments are not subject to public inspection, the agency must tell me why. But because it did not explain why, I am left to assume that the attachments are public and the agency either forgot to provide them or chose not to, for reasons that are beyond me. Here, too, I am asking that the agency do a careful review of the scanned emails for all associated attachments and either provide them or provide detailed justification for withholding them.

I have uploaded with my submission all associated requests and documents save for one of the two batches of emails I received from the state police, which is 20 MB in size, and two envelopes the agency mailed to me. I don't have a scanner. The envelopes contains the agency's responses and two CDs with records.

Thank you for your time.

Hello.

I am a journalist working with Type Investigations and am submitting the following, two-part records request through the Pennsylvania Right-To-Know Law (65 P.S. § 67.101 et seq.).

PART ONE:

In October, I submitted a request for correspondences, which met a certain criteria, that went to and came from Lt. James Hennigan of the state police. The records request number is 2020-1105. I was provided two batches of emails, one of which was seemingly indiscriminately redacted, and it is my opinion that the redactions are unlawful. This batch of PDFs was given the file name "email N\_Redacted RELEASABLE.pdf" and it is 263 pages long. Many of the records redacted are inherently public, such as waiver requests and non-exempt emails between public officials. Others have already been released to the public. I am now asking for these records to be released to me without redactions.

In my request, I had also asked for a Vaughn Index, which seems to have been ignored. Please provide me justification for the redactions in the document "email N\_Redacted RELEASABLE.pdf." For your convenience, I have attached the document to this email.

I had also asked for any and all documents associated with the correspondances, namely email attachments, and this request seems to also have been ignored. Please provide me any and all associated attachments.

PART TWO:

Please provide any and all text messages and voice messages received by the work-issued cell phones of Lt. James Hennigan as well as Lt. Stephen J. U'Selis III about the Mariner East pipeline or the activities of state residents as they may relate to the pipeline or its construction. Please limit your search to the timeframe of February 2017 to the date this request is completed. These search terms may help: "Sunoco," "Energy Transfer," "Marinier," "suspicious activity," "protesters," "pipeline," "construction." For text messages, please also include any and all attachments.

Finally, I am requesting emails between Lt. U'Selis and Sunoco, Energy Transfer, and associates of those groups, such as Tiger Swan, Zorion, or Hillard Heintze, as well as emails that concern the Mariner East pipeline. To this end, please conduct a keyword search of Mr. U'Selis' email account for the words or phrases "Sunoco" and "Energy Transfer" and "Mariner" and within the timeframe of February 2017 to the date this request is completed. Please be sure to also provide any and all associated records, such as email attachments, as well as a Vaughn Index justifying any redactions your office may deem necessary.

Should you have any questions or feel my request could be narrowed, please feel free to call me on my cell phone anytime: 774-644-2207.

Thank you.

Dan

PSP/RTKL Request N° 2021-0422

Dear Mr. Schwartz:

On March 24, 2021, the Pennsylvania State Police (PSP) received your request for information pursuant to the Pennsylvania Right-to-Know Law (RTKL), 65 P.S. §§ 67.101 - 3104, wherein you state:

I am a journalist working with Type Investigations and am submitting the following, two-part records request through the Pennsylvania Right-To-Know Law (65 P.S. § 67.101 et seq.)

**PART ONE:**

In October, I submitted a request for correspondences, which met a certain criteria, that went to and came from Lt. James Hennigan of the state police. The records request number is 2020-1105. I was provided two batches of emails, one of which was seemingly indiscriminately redacted, and it is my opinion that the redactions are unlawful. This batch of PDFs was given the name "email N\_Redacted RELEASEABLE.pdf" and it is 263 pages long. Many of the records redacted are inherently public, such as waiver requests and non-exempt emails between public officials. Others have already been released to the public. I am now asking for these records to be release to me without redactions.

In my request, I had also asked for a Vaughn Index, which seems to have been ignored. Please provide me justification for the redactions in the documents "email N\_Redacted RELEASEABLE.pdf." For your convenience, I have attached document to this email.

I had also asked for any and all documents associated with the correspondances, namely email attachments, and this request seems to have been ignored. Please provide me any and all associated attachments.

PART TWO:

Please provide any and all text messages and voice messages received by the work-issued cell phones of Lt. James Hennigan as well as Lt. Stephen J. U'Selis III about the Mariner East pipeline or the activities of state residents as they may related to the pipeline or its construction. Please limit your search to the timeframe of February 2017 to the date this request is completed. These search terms may help: "Sunoco," "Energy Transfer," "Marinier," "suspicious activity," "protesters," "pipeline," "construction." For text messages, please also include any and all attachments.

Finally, I am requesting emails between Lt. U'Selis and Sunoco, Energy Transfer, and associates of those groups, such as Tiger Swan, Zorion, or Hillard Heintze, as well as emails that concern the Mariner East Pipeline. To this end, please conduct a keyword search of Mr. U'Selis email account for the words or phrases "Sunoco" and "Energy Transfer" and "Mariner" and within the timeframe of February 2017 to the date this request is completed. Please be sure to also provide any and all associated records, such as email attachments, as well as a Vaughn Index justify any redactions your office may deem necessary.

Under the RTKL, a written response to your request is due on or before March 31, 2021.

Under the provisions RTKL section § 67.902(b)(2), you are hereby notified that your request is being reviewed and the PSP will require up to an additional 30 days, i.e., until April 30, 2021, in which to respond to your request. Should your request be granted, the total for the estimated or actual fees owed, if any, will be included in our subsequent response. The reason for requiring additional time for a final response is checked below:

- ☐ Compliance with your request may require the redaction of certain information that is not subject to access under RTKL.
- ☐ Your request requires retrieval of one or more records that are stored at a remote location.
- ☐ A response by the mailing date of this letter could not be accomplished due to bona fide staffing limitations. In particular, \_\_\_\_\_.
- ☐ Your request is under legal review, which is necessary to determine whether a requested record is a "public record" for purposes of the RTKL.
- ☐ Your compliance with the following agency policies is required for access to the record(s): \_\_\_\_\_
- ☐ You must pay the applicable fees authorized by the RTKL.

X The extent or nature of the request precludes a response within the required time period.

Should you have any questions regarding this letter, please contact the undersigned.

Hello.

I'm an independent journalist based in Vermont and I am submitting a request through the Pennsylvania Right-To-Know Law (65 P.S. § 67.101 et seq.) for the following:

- any and all correspondences between Lt. James Hennigan and Sunoco, Energy Transfer or associates of those groups as well as correspondences concerning the Mariner East pipeline.

To this end, please conduct a keyword search of Mr. Hennigan's email account, which is [jhennigan@pa.gov](mailto:jhennigan@pa.gov), for the words or phrases "Sunoco" and "Energy Transfer" and "Marinier." Please limit your search to the timeframe of February 2017 to the date this request is completed. Also, please provide all associated records, such as email attachments.

If you withhold any documents responsive to this request, please describe the material withheld and specify in detail the statutory or administrative basis for withholding it. Likewise, if you redact information, please provide a basis for the redaction and a summary of the information redacted. Please also alert me if your department intends to charge a fee for this request, though I do ask that any fees be waived; I am a member of the media and am making this request to inform the public, not to profit commercially.

I look forward to your response within the five days required by law.

Should you have any questions, please don't hesitate to contact me here or by phone at 774-644-2207.

Sincerely,

Dan

Hi, Kim.

Thank you. I received the envelope containing the disk and some papers. These are responsive to my request for communications between certain third parties and the Pennsylvania State Police, which is one of two requests I submitted with the state police. The other request is for communications between Lt. James Hennigan and various third parties. I am not aware of any responsive records your department has provided pertaining to that request (but perhaps I missed something). Would you please update me?

Thanks very much,

Figure 1 consists of four scatter plots arranged in a 2x2 grid. The top row shows the relationship between the number of children in the household (X-axis) and the number of children in the family (Y-axis). The bottom row shows the relationship between the number of children in the household (X-axis) and the number of children in the family (Y-axis). The left column shows the relationship for the total number of children, and the right column shows the relationship for the number of children in the family. The plots show a positive correlation between the number of children in the household and the number of children in the family, with the correlation being stronger for the total number of children than for the number of children in the family.

The first part of the paper discusses the importance of the research and the objectives of the study. It then presents a literature review of the existing research on the topic. The methodology section describes the research design and the data collection process. The results section presents the findings of the study, and the conclusion section summarizes the main points and provides recommendations for future research.

The study was conducted in a laboratory setting, and the participants were recruited from a local university. The data was collected using a series of questionnaires and interviews. The results show that there is a significant relationship between the variables studied, and the findings are consistent with the previous research.

The study has several limitations, including the small sample size and the lack of control over the environment. Despite these limitations, the study provides valuable insights into the topic and contributes to the existing knowledge.

In conclusion, the study highlights the importance of the research and the need for further investigation. The findings suggest that there is a need for more research on the topic, and the study provides a foundation for future work.

# OOR Exhibit 2

## **NOTICE RELATED TO THE CORONAVIRUS (COVID-19) EMERGENCY**

Pennsylvania is currently under a declared state of emergency related to the coronavirus (COVID-19). Some agencies and requesters may face challenges in regard to their ability to meaningfully participate in Right-to-Know Law (RTKL) appeals. Accordingly, and to ensure due process, the Office of Open Records (OOR) is taking the following temporary steps.

**The timeline for this RTKL appeal may be extended by the OOR during the appeal.** This extension will allow the OOR the flexibility it requires to protect due process and to ensure that the agency and requester, along with any third parties, have a full and fair opportunity to meaningfully participate in the appeal.

The appeal is currently deficient, and a Final Determination deadline has not yet been set by the Appeals Officer. If the deadline to perfect the appeal lapses, the OOR will issue a Final Determination within thirty (30) days after that date. *Note: The deadline to perfect the appeal can be found in the final paragraph of the Deficiency Order located in the OOR's Notice of Appeal packet.*

After you have been notified that the appeal has been perfected, any evidence, legal argument and general information to support your position must be submitted within seven (7) business days of that date, unless otherwise informed by the Appeals Officer.

**If you are unable to meaningfully participate in this appeal under the above deadlines, please notify the Appeals Officer as soon as possible.**

Every staff member of the OOR is working remotely, and we are only able to receive postal mail on a limited basis at this time. Accordingly, we urge agencies and requesters to use email for all communication with the OOR at this time.

If you have any questions about this notice or the underlying appeal, please contact the Appeals Officer. The OOR is committed to working with agencies and requesters during this time to ensure that the RTKL appeal process proceeds as fairly and as smoothly as possible.

# The Right-to-Know Law Appeal Process

**Please review this information carefully as it affects your legal rights.**

The Office of Open Records (“OOR”) has received the enclosed appeal, which was filed under the Right-to-Know Law (“RTKL”), 65 P.S. §§ 67.101, et seq. A binding Final Determination will be issued by the OOR pursuant to the statutory timeline, subject to the enclosed information regarding the coronavirus (COVID-19). If you have any questions, please contact the Appeals Officer assigned to this case. Contact information is included on the enclosed documents.

---

## Submissions to the OOR

**Both parties may submit evidence, legal argument, and general information to support their positions to the assigned Appeals Officer.** Please contact the Appeals Officer as soon as possible.

**Any information provided to the OOR must be provided to all parties involved in this appeal.** Information submitted to the OOR will not be considered unless it is also shared with all parties.

**Include the docket number on all submissions.**

The agency may assert exemptions on appeal even if it did not assert them when the request was denied (*Levy v. Senate of Pa.*, 65 A.3d 361 (Pa. 2013)).

Generally, submissions to the OOR — other than *in camera* records — will be public records. Do not include sensitive or personal information, such as Social Security numbers, on any submissions.

---

## Agency Must Notify Third Parties

If records affect a legal or security interest of a third party; contain confidential, proprietary or trademarked records; **or** are held by a contractor or vendor, **the agency must notify such parties of this appeal immediately and provide proof of that notice by the record closing date set forth above.**

Such notice must be made by: (1) Providing a copy of all documents included with this letter; **and** (2) Advising relevant third parties that interested persons may request to participate in this appeal by contacting the Appeals Officer assigned to this case (see 65 P.S. Â§ 67.1101(c)).

The Commonwealth Court has held that “the burden [is] on third-party contractors... to prove by a preponderance of the evidence that the [requested] records are exempt.” (*Allegheny County Dep't of Admin. Servs. v. A Second Chance, Inc.*, 13 A.3d 1025, 1042 (Pa. Commw. Ct. 2011)).

**A third party's failure to participate in a RTKL appeal before the OOR may be construed as a waiver of objections regarding release of requested records.**

*NOTE TO AGENCIES: If you have questions about this requirement, please contact the Appeals Officer immediately.*

---

---

## Statements of Fact & Burden of Proof

**Statements of fact must be supported by an affidavit or attestation made under penalty of perjury by a person with actual knowledge.** Statements of fact or allegations submitted without an affidavit may not be considered.

Under the RTKL, the agency has the burden of proving that records are exempt from public access (see 65 P.S. § 67.708(a)(1)). **To meet this burden, the agency must provide evidence to the OOR.**

The law requires the agency position to be supported by sufficient facts and citation to all relevant sections of the RTKL, case law, and OOR Final Determinations.

An affidavit or attestation is required to prove that records do not exist.

Sample affidavits are on the OOR website, [openrecords.pa.gov](http://openrecords.pa.gov).

*Any evidence or legal arguments not submitted or made to the OOR may be waived.*

---

## Preserving Responsive Records

**The agency must preserve all potentially responsive records during the RTKL appeal process**, including all proceedings before the OOR and any subsequent appeals to court.

Failure to properly preserve records may result in the agency being sanctioned by a court for acting in bad faith.

See *Lockwood v. City of Scranton*, 2019-CV-3668 (Lackawanna County Court of Common Pleas), holding that an agency had “a mandatory duty” to preserve records after receiving a RTKL request. Also see generally *Uniontown Newspapers, Inc. v. Pa. Dep’t of Corr.*, 185 A.3d 1161 (Pa. Commw. Ct. 2018), holding that “a fee award holds an agency accountable for its conduct during the RTKL process...”

---

## Mediation

**The OOR offers a mediation program as an alternative to the standard appeal process.** To participate in the mediation program, both parties must agree in writing.

The agency must preserve all potentially responsive records during the RTKL appeal process. Mediation is a voluntary, informal process to help parties reach a mutually agreeable settlement. The OOR has had great success in mediating RTKL cases.

If mediation is successful, the requester will withdraw the appeal. This ensures that the case will not proceed to court — saving both sides time and money.

Either party can end mediation at any time.

If mediation is unsuccessful, both parties will be able to make submissions to the OOR as outlined on this document, and the OOR will have no less than 30 calendar days from the conclusion of the mediation process to issue a Final Determination.

Parties are encouraged to consider the OOR's mediation program as an alternative way to resolve disputes under the RTKL.

Dear Mr. Schwartz:

The Office of Open Records (“OOR”) has received an appeal from you challenging the agency’s denial of a Right-to-Know Law request. In order to review the agency’s denial of your request for records, the record on appeal is required to include both the request and the agency’s response. *See* 65 P.S. § 67.1303(b). A review of your appeal reveals that the required item(s) indicated below was/were not included with your correspondence:

☒ **Complete Agency Response**

In order to complete the appeal, **you are required to file the above document(s) that was/were not included with the appeal by May 24, 2021. FAILURE TO FILE THE REQUIRED DOCUMENT(S) WILL RESULT IN YOUR APPEAL BEING DISMISSED.**

The appeal will be stayed until the date you comply with this Order or May 24, 2021, whichever comes first. Upon receipt of the above document(s) or failure to comply with this Order, the OOR will proceed to issue its final determination in accordance with the timeframes set forth in 65 P.S. § 67.1101(b)(1), and, if necessary, establish a submission schedule for the parties. You are required to serve a copy of the document(s) upon the agency from which you requested the records.

Hi, Erin.

I've identified the problem file.

In the first email that didn't send, I noted that I'm following up with my appeal and submitting the necessary documents I failed to file originally. Attached, you will find the state police's full response to my records request (as it pertains to the matters I'm appealing). Because the file sizes are large, I'm emailing the records in batches. This should be the last.

And my apologies for the format of these files; I didn't have access to a scanner at the time I copied those documents, so I used my phone, which is why each page is its own file.

Please let me know if you require further documents.

PSP/RTKL Request N° 2020-1073

Dear Mr. Schwartz:

On August 19, 2020, the Pennsylvania State Police (PSP) received your request for information pursuant to Pennsylvania's Right-to-Know Law (RTKL), 65. P.S. §§ 67.101-67.3104, wherein you state:

I'm an independent journalist based in Vermont and I am submitting a request through the Pennsylvania Right-To-Know Law (65 P.S. § 67.101 et seq) for the following:

-any and all communications, which may include handwritten notes, memos, audio recordings, video recordings or digital files such as emails, text messages or text documents, concerning reports made by residents and non residents of Chester and Delaware counties about the activities surrounding the Mariner East pipeline that either originated from the Pennsylvania State Police or came to it from an outside party between February 2017 and the date my request is completed.

For the purposes of facilitating my request, some of the communications—though not all of them—may be between officers Dunsmore, William Benson and Michael Ehgartner and associates of Energy Transfer, TigerSwan, DCI Group, Bravo Group, Ceisler Media and various law firms affiliated with Energy Transfer, such as Duane Morris, Manko, Gold Katcher & Fox or Post & Schell. The communications may also involve Pennsylvania's fusion center, the Pennsylvania Criminal Intelligence Center, or professors at universities in the state.

A copy of your request is enclosed. By letter dated August 26, 2020, you were notified in accordance with RTKL section 67.902(b) that PSP required an additional thirty days to prepare this final response to your request.

Your request is granted in part and denied in part. In response to your request for a "copy of this department's log," your request is granted insofar as the enclosed compact disc which comprises a copy of the Right-to-Know Log for Right-to-Know requests received from January 1, 2020 to August 19, 2020 (marked for identification as PSP/RTK000001). This disc is enclosed with this letter.

Pursuant to the fee provisions established by the Office of Open Records, duplication fees for the records provided have been charged in the amount of \$3.00 for the enclosed disc. Kindly remit payment in that amount to the PSP Bureau of Records & Identification, Right-to-Know Office, 1800 Elmerton Avenue, Harrisburg, Pennsylvania 17110. All fees must be paid by certified check, bank check, or money order made payable to the "Commonwealth of Pennsylvania." We look forward to receiving your payment by October 25, 2020.

Further, please note that failure to pay for records provided in response to a RTKL request to any executive agency will preclude you from obtaining further records from another executive agency, pursuant to the provisions of section 901 of the RTKL and Section IV (D) of our agency RTKL Policy, as published on the following website, <http://openrecords.pa.gov>.

In response to your request for "any and all communication concerning reports made by residents and non-residents of Chester and Delaware counties about the activities surrounding the Mariner East pipeline," two entries dated August 5, 2017 and August 8, 2017 have been provided to the PSP Bureau of Criminal Investigation and are denied to the extent that the responsive records you seek are not accessible to the public. The RTKL defines a "public record" as "[a] record . . . of a Commonwealth or local agency that: (1) is not exempt under section 708; (2) is not exempt from being disclosed under any other Federal or State law or regulation or judicial order or decree; or (3) is not protected by a privilege." 65 P.S. § 67.102.

Furthermore, these records are exempt from public disclosure pursuant to RTKL section 708(b)(16) as a record of an agency relating to or resulting in a criminal investigation.

In addition, disclosing these records would violate Pennsylvania's *Criminal History Record Information Act* (CHRIA), 18 Pa. C. S. §§ 9101-9183. This statute prohibits criminal justice agencies from disseminating intelligence information, except to other criminal justice agencies. *Id.* § 9106(c)(4). CHRIA defines "intelligence information" as "[i]nformation concerning the habits, practices, characteristics, possessions, associations or financial status of any individual compiled in an effort to anticipate, prevent, monitor, investigate or prosecute criminal activity" *Id.* § 9102. Therefore, PSP is barred by CHRIA from providing you with access to the records you

have requested. See *McGarvey v. Pennsylvania State Police*, OOR Docket N° AP 2009-0522 (Glinn).

Lastly, these records are exempt from public disclosure pursuant to RTKL section 708(b)(17) as a record of an agency relating to or resulting in a non-criminal investigation.

To the extent that your request seeks or may be construed to seek records pertaining to covert law enforcement investigations, including, intelligence gathering and analysis, the PSP can neither confirm nor deny the existence of such records without risk of compromising investigations and imperiling individuals. Under No Circumstances, therefore, should this final response be interpreted as indicating otherwise. In all events, should such records exist, they are entirely exempt from public disclosure under the RTKL and Criminal History Record Information Act, 18 Pa. C.S. §§ 9101-9183.

In closing, you have a right to appeal this response in writing to the Office of Open Records, 333 Market Street, 16<sup>th</sup> Floor, Harrisburg, Pennsylvania 17126-0333. The appropriate OOR appeal form is available for your use at, <https://www.dced.state.pa.us/public/oor/appealformgeneral.pdf>. If you choose to appeal, you must do so within 15 business days of the mailing date of this response, and send to the OOR: 1) this response; 2) your request; 3) the reason or reasons why you think PSP wrongfully denied your access to the requested records. (*a statement identifying any flaws in the reasons provided above as to why a requester is not subject to access the requested records under the RTKL*).

VERIFICATION OF  
RACHEL ZELTMANN  
DEPUTY AGENCY OPEN RECORDS OFFICER

I, Rachel Zeltmann, Deputy Agency Open Records Officer of the Pennsylvania State Police (variously, PSP or Department), am authorized to prepare this verification in response to PSP/RTKL Request N° 2020-1073. Accordingly, on this 25<sup>th</sup> day of September, 2020, I verify the following facts to be true and correct, to the best of my knowledge or information and belief:

1. I am familiar with PSP/RTKL Request N° 2020-1073, which is attached to this verification.
2. Utilizing the information contained in the request, I searched all Department databases to which I have access for evidence of any PSP records that may respond to the request.
3. As a result of my searches, I identified and retrieved the following responsive PSP record:
  - Responsive compact disc which comprises "a copy of the Right-to-Know Log for Right-to-Know requests received from January 1, 2020 to August 19, 2020 (marked for identification as PSP/RTK000001).
4. In response to the request for "any and all communication concerning reports made by residents and non-residents of Chester and Delaware counties about the activities surrounding the Mariner East pipeline," two entries dated August 5, 2017 and August 8, 2017 have been provided to the PSP Bureau of Criminal Investigation and are denied to the extent that the responsive records you seek are exempt from public disclosure pursuant to RTKL section 708(b)(16) as a record of an agency relating to or resulting in a criminal investigation.

5. Disclosing these records would violate Pennsylvania's *Criminal History Record Information Act* (CHRIA), 18 Pa. C. S. §§ 9101-9183. This statute prohibits criminal justice agencies from disseminating intelligence information, except to other criminal justice agencies. *Id.* § 9106(c)(4). CHRIA defines "intelligence information" as "[i]nformation concerning the habits, practices, characteristics, possessions, associations or financial status of any individual compiled in an effort to anticipate, prevent, monitor, investigate or prosecute criminal activity" *Id.* § 9102. Therefore, PSP is barred by CHRIA from providing you with access to the records you have requested. See *McGarvey v. Pennsylvania State Police*, OOR Docket N° AP 2009-0522 (Glinn).
6. Lastly, these records are exempt from public disclosure pursuant to RTKL section 708(b)(17) as a record of an agency relating to or resulting in a non-criminal investigation.

**I understand that false statements made in this verification are subject to penalties of 18 Pa. C. S. § 4904, relating to unsworn falsification to authorities.**

Hello,

I'm an independent journalist based in Vermont and I am submitting a request through the Pennsylvania Right-To-Know Law (65 P.S. § 67.101 et seq.) for the following:

- any and all communications, which may include handwritten notes, memos, audio recordings, video recordings or digital files such as emails, text messages or text documents, concerning reports made by residents and nonresidents of Chester and Delaware counties about the activities surrounding the Mariner East pipeline that either originated from the Pennsylvania State Police or came to it from an outside party between February 2017 and the date my request is completed.

The communications may also involve Pennsylvania's fusion center, the Pennsylvania Criminal Intelligence Center, or professors at universities in the state.

I am also requesting a copy of the this department's log that details records requests received for the date range of January 1, 2020, to the date this request is completed.

If you withhold any documents responsive to this request, please describe the material withheld and specify in detail the statutory or administrative basis for withholding it. Likewise, if you redact information, please provide a basis for the redaction and a summary of the information redacted. Please also alert me if your department intends to charge a fee for this request, though I do ask that any fees be waived; I am a member of the media and am making this request to inform the public, not to profit commercially.

I look forward to your response within the five days required by law.

Should you have any questions, please don't hesitate to contact me here or by phone at 774-644-2207.

Sincerely,

Hello.

I am a journalist working with Type Investigations and am submitting the following, two-part records request through the Pennsylvania Right-To-Know Law (65 P.S. § 67.101 et seq.).

**PART ONE:**

In October, I submitted a request for correspondences, which met a certain criteria, that went to and came from Lt. James Hennigan of the state police. The records request number is 2020-1105. I was provided two batches of emails, one of which was seemingly indiscriminately redacted, and it is my opinion that the redactions are unlawful. This batch of PDFs was given the file name "email N\_Redacted RELEASABLE.pdf" and it is 263 pages long. Many of the records redacted are inherently public, such as waiver requests and non-exempt emails between public officials. Others have already been released to the public. I am now asking for these records to be released to me without redactions.

In my request, I had also asked for a Vaughn Index, which seems to have been ignored. Please provide me justification for the redactions in the document "email N\_Redacted RELEASABLE.pdf." For your convenience, I have attached the document to this email.

I had also asked for any and all documents associated with the correspondances, namely email attachments, and this request seems to also have been ignored. Please provide me any and all associated attachments.

**PART TWO:**

Please provide any and all text messages and voice messages received by the work-issued cell phones of Lt. James Hennigan as well as Lt. Stephen J. U'Selis III about the Mariner East pipeline or the activities of state residents as they may relate to the pipeline or its construction. Please limit your search to the timeframe of February 2017 to the date this request is completed. These search terms may help: "Sunoco," "Energy Transfer," "Mariner," "suspicious activity," "protesters," "pipeline," "construction." For text messages, please also include any and all attachments.

Finally, I am requesting emails between Lt. U'Selis and Sunoco, Energy Transfer, and associates of those groups, such as Tiger Swan, Zorion, or Hillard Heintze, as well as emails that concern the Mariner East pipeline. To this end, please conduct a keyword search of Mr. U'Selis' email account for the words or phrases "Sunoco" and "Energy Transfer" and "Mariner" and within the timeframe of February 2017 to the date this request is completed. Please be sure to also provide any and all associated records, such as email attachments, as well as a Vaughn Index justifying any redactions your office may deem necessary.

Should you have any questions or feel my request could be narrowed, please feel free to call me on my cell phone anytime: 774-644-2207.

Thank you.

Dan
