RE: Response to Right to Know Appeal

Dear Mr. Yendell:

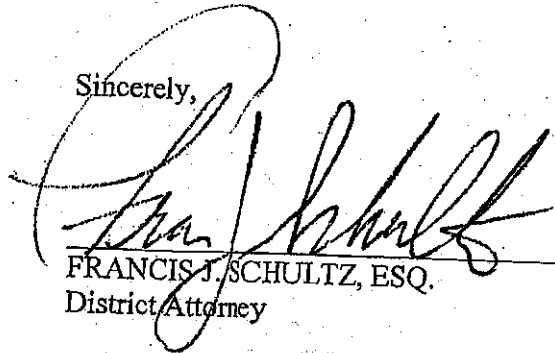

On August 24, 2015, this office received your kind request for "any and all warrants – including Governor's Warrant – and any and all affidavit(s) connected with such warrants, which are part of the records of either aforementioned docket numbers. Also, any records regarding any civil litigation taken against me."

On August 29, 2015, Right to Know Officer First Assistant District Attorney Paula C. DiGiacomo sent you a response denying your request.

My office received your appeal of that denial on August 31, 2015. Your appeal is granted in part and denied in part. It is granted in part in that I have enclosed a copy of the police criminal complaint and accompanying affidavit of probable cause regarding the allegations that were made against you concerning juvenile B.M.A.

I am denying your appeal in part in that my office at no time commenced any civil litigation against you and therefore, there are no civil litigation records in the possession of the Office of District Attorney.

Sincerely,

A handwritten signature in cursive script, appearing to read "Francis J. Schultz", written over a horizontal line.

FRANCIS J. SCHULTZ, ESQ.
District Attorney
